# SKYLITE

## SKYLARK

### ELECTRIC FOLDAWAY ATTIC STAIRS

With its unique design the Skylark comes in a compact unit with trapdoor and fixed frame, all of which are insulated and draft sealed. The stairs unit is also airtight when closed

The stairs are made from Beech hardwood, with a working load of 226kg. With a 10 year warranty, its built to last.

To operate just push the button on your remote control and watch these beautiful stairs open and unfold. No manual effort needed. The Skylark comes with one remote control handset, one hardwired switch in the attic and one hardwired switch on the underside of the cover of the Skylark.

The Skylark Attic Stair also has Bluetooth connectivity to your smartphone or tablet, meaning operation has never been easier.

Power pack with battery backup in the event of power outage

Skylark comes with 2 handrails and the stairs is designed with steps which are just 235mm apart for safe climbing, with a climbing angle of 64 degrees. There is also an Auto stop system, in the event of a collision, as an extra safety feature.

Ceiling heights up to 3.5m as standard. Non-standard units can be catered for, please make inquiries.

U.S. Patent No. 9,447,637

European Patent No. 2 871 300

Independently tested, awarded EN 14975 and meet ANSI 14.9 testing requirements.
